**UCOP Travel Advisory**

On February 24, Russian President Vladimir Putin launched a military invasion of Ukraine. As a result, the United States and other nations have announced sanctions against Russia. These developments have heightened security measures in countries sharing borders with Ukraine, Belarus and Russia, impacting transportation and border crossing in those neighboring countries.

The U.S. State Department has issued a **Level 4 — Do Not Travel Warning for Ukraine** due to the conflict. As a result, and out of concern for the well-being and safety of the UC community, we are directing **all members of the UC community to avoid all travel to Ukraine** at this time. Additionally, travel to neighboring countries should be carefully evaluated.

Should travel abroad during this time be necessary, it is of utmost importance that all faculty, staff, and students take the following steps:

- Review the [DOS Travel Advisories](#) related to your destination(s) prior to making travel plans.
- Register your travel with the [U.S. State Department's STEP Program](#) to receive timely notifications of safety and security concerns.
- Register your travel with the [UC Travel Insurance Program](#).

Thank you for your cooperation and partnership in keeping our UC community safe.

Sincerely,

Rachael Nava  
Executive Vice President,  
Chief Operating Officer
